Continuous Disclosure Policy

1 Scope

This Policy applies to all executive and non-executive directors, officers, employees, contractors and consultants of the Company and its subsidiaries from time to time (**Personnel**).

2 Purpose

- (a) The Company has adopted a set of procedures and guidelines in relation to its continuous disclosure obligations under the ASX Listing Rules and the *Corporations Act 2001* (Cth).
- (b) ASX Listing Rule 3.1 details the Company's primary continuous disclosure obligations. The Company must immediately notify ASX of information that a reasonable person would expect to have a material effect on the price or value of the Company's securities when the Company becomes aware of the information (i.e. 'materially price sensitive information'), unless the materially price sensitive information falls within the exemptions in ASX Listing Rule 3.1A. In this context, ASX has confirmed in Guidance Note 8 that 'immediately' means 'promptly and without delay.'
- (c) The Company is committed to taking a proactive approach to continuous disclosure and creating a culture within the Company that promotes and facilitates compliance with the Company's continuous disclosure obligations.

3 Responsibilities of the Board

- (a) The Company's board of directors (**Board**) bears the primary responsibility for the Company's compliance with its continuous disclosure obligations and is therefore responsible for overseeing and implementing this Policy. The Board makes the ultimate decision on whether there is any materially price sensitive information that needs to be disclosed to the ASX. It is a standing agenda item at all Board meetings to consider any information that must be disclosed to the ASX in accordance with the Company's continuous disclosure obligations.
- (b) The Company has appointed the Company Secretary as the Reporting Officer in order to streamline the day-to-day compliance with its continuous disclosure obligations. All directors are required to notify the Reporting Officer if they believe there is materially price sensitive information which requires disclosure to the ASX. All directors are encouraged to approach the Reporting Officer if they have any queries about what information should be disclosed to the ASX.

4 Responsibilities of the Company Secretary

The above people are authorised to make any public statement on behalf of or in relation to the Company following approval of such statements by the Board. Such public statements extend to all responses by the Company to enquiries by the media, analysts or shareholders. All enquiries by regulators should be passed on to the Chairperson or Managing Director.
- (b) There must be no selective disclosure of materially price sensitive information. The spokesperson should not disclose any materially price sensitive information through public statements which has not already been released to the market through the ASX, but may clarify materially price sensitive information which has already been disclosed to the ASX. Prior to making any public statement, the spokesperson should liaise with the Company Secretary regarding the Company's disclosure history to avoid the inadvertent release of materially price sensitive information.
- (c) The Company may authorise other persons from time to time to make public statements in particular circumstances.
- (d) In the event of inadvertent selective disclosure of previously undisclosed materially price sensitive information, the person or persons involved should immediately contact the Company Secretary. The Board will determine as soon as practicable whether there is a need (based on who received the unintentional selective disclosure and the probability of dissemination) to disclose the materially price sensitive information to ASX, or to require that the party to whom the materially price sensitive information was disclosed enter into a written confidentiality agreement.

6 Responsibilities of Personnel

All Personnel are required to comply with this Policy and the Company's continuous disclosure obligations.

7 Reporting Obligations

- (a) Subject to the exemption in ASX Listing Rule 3.1A, the Company will notify the ASX as soon as it becomes aware of any information that a reasonable person would expect to have a material effect on the price or value of the Company's securities and make all required securities exchange filings. Examples of types of information that could be materially price sensitive information include:
 - (i) material acquisitions or divestitures;

- (ii) transactions that will lead to a significant change in the nature or scale of the Company's activities;

- (b) The above examples are indicative only, and are not exhaustive. Where the Reporting Officer is unsure whether information is materially price sensitive information, it should take a conservative view and report it to, or discuss it with, the Board. The Company's legal advisers should be consulted where the materiality of information or the obligation to disclose is unclear.
- (c) The Company must not release information that is for release to the market to any person until it has given the information to the ASX and has received acknowledgement that the ASX has released the information to the market.
- (d) The Company must release to market any new and substantive investor or analyst presentation ahead of the delivery of the presentation, irrespective of whether the presentation contains material new information required to be disclosed under Listing Rule 3.1. The Company will make the presentation available electronically as soon as it reasonably can.

7.2 Confidential information

- (a) Certain materially price sensitive information does not need to be disclosed if it falls within the scope of the confidentiality exemption in ASX Listing Rule 3.1A. To fall within the exemption, all of the following conditions must be satisfied:
- (i) the information falls within one or more the following categories:

 - (B) the information concerns an incomplete proposal or negotiation;

 - (iii) a reasonable person would not expect the information to be disclosed.
- (b) Once the Reporting Officer determines that information is materially price sensitive information, the Board will consider the confidentiality of the matter and bears the sole

authority to determine whether a matter should not be disclosed to the ASX on the basis of the confidentiality exemption.

- (c) The Reporting Officer should disclose all materially price sensitive information to the Board and should not make a final assessment whether materially price sensitive information should not be disclosed on the basis of the confidentiality exemption in ASX Listing Rule 3.1A. However, to assist the Board in making these decisions, the Reporting Officer should provide details as to why they consider the information may be confidential for the purpose of ASX Listing Rule 3.1A.
- (d) The Reporting Officer should take all necessary steps to maintain the confidentiality of all potentially confidential information. For example, potentially confidential information should not be disclosed to external parties except on the basis of a written confidentiality undertaking.
- (e) The Company has also put in place a review process which includes verification testing of content and a review and sign-off by management prior to the Board formally approving the release of any public information.
- (f) ASX Listing Rule 3.1B provides that if the ASX considers that there is, or is likely to be a false market in the Company's securities, and requests information from the Company to correct or prevent the false market, the Company must give the ASX the information needed to correct or prevent the false market (ie. a false market may cause the exemption to be lost).

7.3 Reporting obligations of the Reporting Officer

- (a) The Reporting Officer has the following reporting obligations in relation to information that potentially requires disclosure:
 - (i) immediately report all potentially materially price sensitive information to the Board, either in writing or verbally;
 - (ii) provide sufficient details of all information to allow the Board to form a view as to whether the potentially materially price sensitive information is in fact materially price sensitive and to prepare the appropriate form of disclosure to the ASX, if necessary; and
 - (iii) state whether the Reporting Officer considers that the information is confidential for the purpose of ASX Listing Rule 3.1A and the reasons for forming that view.
- (b) In addition, the Reporting Officer should provide a formal report to the Board at the end of each month which either provides details of unreported potentially materially price sensitive information regarding their area of responsibility or states that the Reporting Officer is unaware of any unreported potentially materially price sensitive information at that time.

7.4 Dealing with analysts

- (a) The Company must not give analysts or other select groups of market participants any non-public materially price sensitive information at any time, such as during analyst briefings, when responding to analysts' questions or when reviewing draft analyst research reports. The Company may clarify or correct any errors of interpretation that analysts make concerning already publicly available information, but only to the extent that the clarification or correction does not itself amount to giving the analyst non-public materially price sensitive information (such as correcting market expectations about profit forecasts). Any non-public materially price sensitive information that may be inadvertently disclosed during dealings with analysts should be immediately disclosed to the ASX.
- (b) All information given to analysts at a briefing, such as presentation slides, and any presentation material from public speeches given by Board members or members of

management that relate to the Company or its business should also be given to the Company Secretary for immediate release to the ASX and posted on the Company's website. The information must always be released to the ASX before it is presented at an analyst or investor briefing.

7.6 **Market speculation and rumours**

 - (iii) the Board considers that it is appropriate to make a disclosure in the circumstances.
- (b) Only authorised spokespersons may make statements on behalf of the Company in relation to market rumours or speculation. Any person within the Company should report market speculation or rumours to the Company Secretary immediately.

It may be necessary to request a trading halt from the ASX to maintain orderly trading in the Company's securities and to manage disclosure issues. The Board will make all decisions in relation to trading halts. No Company Personnel is authorised to seek a trading halt except with the approval of the Board.

6 Responsibility for Policy Compliance and Training

- (a) The Company's Board is responsible for the overall administration of this Policy. Internal control systems and procedures will be audited regularly to ensure that they are effective in minimising the risk of non-compliance with this Policy.

- (c) All Personnel are required to understand and comply with this Policy and to follow the reporting requirements set out in this Policy. To this end, regular and appropriate training on how to comply with this Policy will be provided to all senior managers and other relevant Personnel by the Board and the Anti-Bribery Officer for each business. However, it is the responsibility of all Personnel to ensure that they read, understand and comply with this Policy.
- (d) All Business Associates are required to be made aware of this Policy and to undertake to comply with this Policy in relation to any of their dealings with, for or on behalf of the Company.

All Personnel should be vigilant and immediately report any breaches or suspicious activity to the officer responsible for compliance.

7 Consequences of Breaching this Policy

 - (ix) be vigilant and report any breaches of, or suspicious behaviour related to, this Policy.
- (b) This Policy does not prohibit the giving of normal and appropriate hospitality to, or receiving it from, Third Parties.

9 Prohibition Against Bribery and Corruption

- (a) The Company strictly prohibits Personnel engaging in or tolerating Bribery or any other form of Corruption or improper conduct.
- (b) The Company's corporate values require that in all aspects of business all Personnel act honestly, adhere to the highest ethical standards, and act in compliance with all relevant legal requirements. In this respect Personnel must not engage in Bribery or any other form of Corruption.
- (c) The prohibition of Bribery under this Policy includes the provision or conveying of an Item of Value to any Third Party, Official or family members of Officials, whether directly or indirectly, to secure any improper advantage or to obtain or retain business. This means that Personnel must not:
 - (i) offer, promise or give an Item of Value with the intention of influencing an Official or Third Party who is otherwise expected to act in good faith or in an impartial manner, to do or omit to do anything in the performance of their role

or function, in order to provide the Company with business or an improper advantage;

 - (iii) engage, or procure, a third party to make a payment or provide an Item of Value to an Official or Third Party, (or to procure another person to make such payment or provision), in order to secure an improper advantage or obtain or retain business; or
 - (iv) give an Item of Value to an Official to expedite or to secure the performance of a routine governmental action is strictly prohibited. These may include payments to obtain permits, licenses or visas, or to obtain police protection, or facilitate importation of goods.
- (d) The prohibition of Bribery under this Policy also includes the request or acceptance of (or the agreement to accept) an Item of Value from an Official or Third Party either:
- (i) intending that, in consequence, a function or activity should be performed improperly (whether by the requestor/acceptor or another person);
 - (ii) where the request, agreement or acceptance itself constitutes the recipient's improper performance of a function or activity; or
 - (iii) as a reward for the improper performance of a function or activity (whether by the recipient or another person).

10 Gifts, Meals, Entertainment, Travel and Accommodation

10.1 General rule

- (a) Company Personnel may not, on behalf of the Company, provide or receive any gifts (including cash or cash equivalents), meals, entertainment, travel or accommodation directly or indirectly, to or from a Government Official a Customer Representative or a supplier including a service provider to the Company, or their respective family members if the transaction might improperly induce (or appear to induce) the recipient to use his or her influence to secure an Improper Advantage for the giver. This includes gifts to charities or other organisations in which the recipient or a family member is or might be involved.
- (b) Useful tests for determining a gift's inappropriateness are: (1) if the gift would create embarrassment or obligation for the giver or receiver, or (2) if the action could not stand up to public scrutiny. In receiving gifts, Company Personnel must ask themselves whether one purpose of a gift is intended to influence, or appear to influence, business decisions and would thereby compromise their ability to act in the best interests of the Company.

10.2 Gifts

- (a) Subject to the above, Company Personnel may give or receive a gift of nominal value to or from a Customer Representative. A gift is considered of nominal value if its retail value is less than \$100 or its equivalent. Even if the gift is less than nominal value, Company Personnel should only accept it if it is consistent with common business practice. Any offer to Company Personnel of a gift or other business courtesy that exceeds nominal value, or that seems inconsistent with common business practices, should be immediately reported to the Company Secretary.
- (b) Company personnel may never give a gift, even of nominal value, to a Government Official.

10.3 Meals and Entertainment

Company Personnel may offer or receive infrequent, reasonable and appropriate business meals or entertainment; provided that business is discussed at those events and that the activity has a clear business purpose. An example would be the promotion, demonstration or explanation of the Company's products or services, or the execution or performance of a contract. Such activity shall not involve excessive expenditures. The guidelines for reasonable and appropriate activities shall be normal industry practice in the relevant locality consistent with local legal requirements. While the gift value described above does not strictly apply in the case of meals and entertainment, that limitation is an indication of the reasonableness of the meals or entertainment.

11 Prohibition On Facilitation Payments, Secret Commissions and Money Laundering

- (a) The Company does not condone the making of Facilitation Payments, Secret Commissions and Money Laundering.
- (b) Personnel are prohibited from:
 - (i) making Facilitation Payments;
 - (ii) offering, paying, soliciting or receiving Secret Commissions; and
 - (iii) engaging in Money-Laundering.

12 Political Contributions and Charitable Donations

- (a) The Company prohibits Personnel from making political contributions to Officials on behalf of the Company. Any donations above a level determined in Federal legislation must be disclosed annually to the Australian Electoral Commission and will be published on its website.
- (b) This Policy does not seek to curtail an individual's freedom to make political contributions in their personal capacity.
- (c) The context of any other political contributions is key in determining their appropriateness. For instance, it is permissible for the Company to make a payment to attend a political function in circumstances where such payment could not be construed as an attempt to influence the political party.
- (d) If you are in any doubt as to the appropriateness of any political contribution, you should consult the Board or the Anti-Bribery Officer before it is given or accepted or otherwise as soon as possible.
- (e) The Company can only make charitable donations that are legal and ethical under local laws and practices. In order to ensure that donations made by the Company to charitable organisations are for proper charitable purposes, Personnel must only make donations on behalf of the Company to charitable organisations previously approved by the Company and within approved financial limits.
- (f) A list of approved charitable organisations is to be maintained by the Board and provided upon request.

13 Interactions with Officials and Third Parties Must be Compliant

The actions of customers that are channel partners or Agents (**Third Parties**) present particular risks, because in certain circumstances the Company and its employees can be held liable for improper payments made even if the Company did not have actual knowledge of the

payment. Furthermore, such improper payments between Third Parties and Government Officials may be used to facilitate money laundering or terrorist financing without the knowledge of the Company. Accordingly, this Policy provides for strict due diligence and controls when dealing with Third Parties who may interact with a Government Official for or on behalf of the Company.

14 Payments and Fees

All payments made to a Third Party must be reasonable in relation to the products sold to, or bona fide services rendered by, the Third Party to or on behalf of the Company. Payments to a Third Party should never be made in cash and should be made to the Third Party's bank account in the country where the services are performed or where the Third Party's offices are located. No payments shall be made to a Third Party without detailed invoices that fully and accurately describe the services and expenses incurred.

15 Due Diligence

15.1 Due Diligence Overview

- (a) Due diligence must be performed to ensure that a Third Party is a bona fide and legitimate entity, is qualified for the purpose of its engagement, and maintains standards consistent with the ethical and reputational standards of the Company.
- (b) Due diligence on Third Parties also minimizes the risk of payments being used to facilitate money laundering or terrorist financing without the Company's knowledge.
- (c) The Company recognizes that corruption risks can vary by location, type of transaction and customer, and, accordingly, this Policy requires enhanced diligence procedures for engaging with Third Parties in circumstances that present a higher perceived risk of corruption.
 - (i) Basic Due Diligence is required for screening all potential Third Parties;
 - (ii) Enhanced Due Diligence is required for all potential Third Parties who may be involved in sales, business development, regulatory approvals or other capacity in the following regions, even if Basic Due Diligence does not identify any "red flags" or issues of concern: **Russia, the Commonwealth of Independent States, Eastern Europe, the Middle East (excluding Israel), Central and South America, China, Southeast Asia and Africa.**;
 - (iii) Enhanced Due Diligence is required for all potential Third Parties who may **deal with Government Officials** on behalf of the Company; and
 - (iv) Enhanced Due Diligence is required if any **issues of concern or "red flags"** are identified in the Basic Due Diligence. Inability or difficulty to verify the corporate history of an entity or the background and expertise of an individual should be considered a "red flag" that requires Enhanced Due Diligence. Negative reports in the media or in the local business community are also "red flags" requiring Enhanced Due Diligence. Appendix B contains a list of red flags. You should discuss any "red flags" concerning a particular potential Agent with the Company Secretary.
- (d) Appendix C to this Policy provides a flow chart to aid Company Personnel in conducting these due diligence procedures.¹

¹ Appendix C serves only as a guide and does not reflect all facts and circumstances that may arise in the course of due diligence. Company Personnel should contact the Company Secretary with any questions or for additional guidance.

15.2 Basic Due Diligence Steps

- (a) The required Basic Due Diligence includes:
 - (i) completion of a credit application form (if applicable);
 - (ii) verification of the corporate registration of the entity, or the expertise of a person, the business address, corporate history, corporate structure and beneficial ownership, directorships, etc.; and
 - (iii) media search to identify any negative publicity (i.e., conducting reasonable key word searches using public Internet search engines).
- (b) Information regarding items (b) and (c) generally can be confirmed through a third party credit report and desktop media searches. Information identified during the background screening will be reviewed by the accounting department and should be maintained in a due diligence file regarding the potential Customer Representative or Business Partner.

15.3 Enhanced Due Diligence Steps

- (a) The following steps should be taken in connection with Enhanced Due Diligence of a potential Third Party:
 - (i) External research and verification of the Third Party's experience and expertise. Publicly available information regarding the potential Third Party should be verified through independent sources. Appendix D to this Policy identifies sources that should be considered in conducting background checks of potential Third Parties, and lists factors demonstrating relevant experience and expertise that should be used in evaluating potential Third Parties. A copy of all research and background checks should be maintained in the due diligence file regarding the potential Third Party.
 - (ii) Completion of a Due Diligence Questionnaire. In most cases, it will be appropriate to have the prospective Third Party submit responses to the Due Diligence Questionnaire, attached to this Policy as Appendix E. The Due Diligence Questionnaire should be supplemented with additional questions depending on the particular facts and circumstances. A copy of the completed Due Diligence Questionnaire should be maintained in the due diligence file regarding the potential Third Party
- (b) In addition to the foregoing, in person meetings are a useful means of verifying business qualifications, experience and expertise of Third Parties. Where an in person meeting or meetings has occurred, the Company Personnel involved in such meeting(s) should document, in the form of written notes or a brief memorandum, the date(s) of the meeting(s), location(s), participants and the discussion that took place. Such documentation should then be provided to the Company Secretary for review and should ultimately be maintained in the due diligence file regarding the potential Third Party.

16 Solicitation, Extortion, Health and Safety

- (a) This Policy prohibits payment even where they have been requested or demanded by a Government Official or if the Government Official threatens adverse action against the Company unless a payment is made.
- (b) If a payment is made to protect an individual's health and safety, it should be immediately reported to the Legal Department and must be accurately recorded in the Company's books and records to reflect the amount and purpose of the payment. If at all practicable, contact should be made with the Company Secretary before such a payment is made. If prior consultation is not practicable, the fact of payment and the circumstances should be reported as soon as is practicable thereafter.

17 Documentation and Recordkeeping

- (a) As part of the Company's commitment to open and honest business practice the Company requires all of its businesses to maintain accurate books of account and records.
- (b) The Company and its subsidiaries must keep accurate and complete records of all business transactions:
 - (i) in accordance with generally accepted accounting principles and practices;
 - (ii) in accordance with the Company's accounting and finance policies; and
 - (iii) in a manner that reasonably reflects the underlying transactions and events.
- (c) It is the responsibility of all Personnel to ensure that all business transactions are recorded honestly and accurately and that any errors or falsification of documents are promptly reported to the appropriate member of the senior management team of the relevant business, and corrected. No accounts are to be kept "off the books" to facilitate or conceal improper payments.

18 Compliance with Local Laws Required

If Local Laws in a particular country or region are more restrictive than this Policy, then any Personnel, including any Business Associates operating in that country or region must fully comply with the more restrictive requirements.

19 Reporting Violations and Suspected Misconduct

- (a) Any Personnel or stakeholder who believes that a violation of this Policy or any laws has been committed, is being committed, or is being planned, should report the matter immediately to the Board or the Anti-Bribery Officer.
- (b) If anyone is unsure whether a particular act constitutes Bribery, a Facilitation Payment, Secret Commission, Money-Laundering or an improper Item of Value, or has any other queries, they should ask the Board or the Anti-Bribery Officer.

20 Protection

- (a) The Company prohibits retaliation against anyone reporting such suspicions.
- (b) Personnel who wish to raise a concern or report another's wrongdoing, or who have refused pressure to either accept or offer a bribe, should not be worried about possible repercussions. The Company encourages openness and will support any Personnel who raises genuine concerns in good faith under this Policy.
- (c) If you are not comfortable, for any reason, with speaking directly to the Board or the Anti-Bribery Officer, the Company has a Whistleblower Policy which affords certain protections against reprisal, harassment or demotion for making the report.

21 Monitoring and Review

- (a) Records of reports made under this Policy will be maintained and reviewed by the Audit Committee periodically.
- (b) The Board and the Anti-Bribery Officer will monitor the content, effectiveness and implementation of this Policy on a regular basis. There may also be independent

reviews taken from time to time. Any findings, updates or improvements identified will be addressed as soon as possible.

- (c) Personnel are invited to comment on this Policy and suggest ways in which it might be improved. Comments, suggestions and queries should be addressed to the Board or the Anti-Bribery Officer.

22 Reporting and Disciplinary Action

All persons subject to this Policy shall comply with the Policy and promptly report any known or suspected violations of this Policy, as well as any other illegal, improper or unethical conduct, pursuant to the procedures described below. The Company will view any violation of this Policy or failure to report a violation as a significant matter that warrants disciplinary action and may impose such sanctions as it deems appropriate, including, among other things, a letter of censure or suspension or termination of the employment or services of the violator.

23 Reporting Violations and Anonymous Complaints

- (a) Any transaction, no matter how seemingly insignificant, that might give rise to a violation of the Policy and/or applicable anti-corruption laws and regulations must be reported promptly to a supervisor or manager, or the Company Secretary.
- (b) If you wish to remain anonymous, you may report a violation of this Policy by contacting the Company's Company Secretary at:

Justin Mouchacca, Company Secretary
Telephone: +61 3 8630 3321
Email: justin@jmc corp.com.au
- (c) All such reports may be made in person or by letter, telephone, facsimile, e-mail, or other means and will be treated as confidential, to be used only for the purpose of addressing the specific problem(s) the reports concern. Such reports will be shared with the Company's management and other authorized individuals only on a need-to-know basis. All persons subject to this Policy shall cooperate fully, truthfully, and candidly with any inquiry conducted by or on behalf of the Company. Failure to provide such cooperation may result in discipline, including termination of employment.
